

DURAPRO

Adhesives, Resins, & Coatings

Dura Pro™ is a leading U.S. brand of high performance adhesives and coatings for industrial, professional contractor and do-it-yourself (DIY) customers worldwide.

Dura Pro™ products are manufactured using ISO 9001:2000 in nine plants located throughout North America and Europe. We have experienced technical representatives who specialize in your industry and will use their knowledge of the latest developments in science to find a solution best suited to your requirements.

Since 1892, our group has worked and grown with our customers and we hope to do the same with you.

DURAPRO

Adhesives, Resins, & Coatings

Woodworking

GENERAL PURPOSE WHITE GLUE

Recommended to Bond Wood, Leather, Cardboard and Most Other Porous Materials

- High quality assembly glue
- Fast drying
- Strength 3000 psi
- Non - toxic

Product Code: AW 14

WHITE ECONOMY GRADE

Product Code: G-2461

PROFESSIONAL YELLOW CARPENTER GLUE

Recommended for Cabinets, Furniture, Carpentry Work and Other Wood Gluing Projects

- High quality woodworking glue
- Good initial tack
- Quick setting
- High shear strength
- Strength 3500 psi
- Non - toxic

Product Code: AW 16

YELLOW ECONOMY GRADE

Product Code: G-2094

DURAPRO

Adhesives, Resins, & Coatings

Woodworking

EXTERIOR PRECATALYZED WOOD GLUE

Recommended for Interior & Exterior Wood Gluing Projects

- Strong and durable bond on hardboard, softwood, plywood, hardboard and similar
- Veneer, edge and face gluing, finger jointing and door manufacturing
- Cold pressed, hot pressed or radio frequency (RF) curing
- ANSI Type II water resistance
- Strength 3500 psi
- Non - toxic

Product Code: AW 20

POLYURETHANE GLUE

Recommended to Bond Wood, Ceramic, Stone & Metal

- “Snaps Shut. Fast!”
- Very strong bond
- Waterproof

Product Code: AW 24

DOWEL GLUE

Designed to Bond Dowels in the Assembly of Furniture

Product Code: R-101M

WATER-BASED CONTACT CEMENT

Designed to Bond Decorative Laminates to Wood, Plywood and Particle Board

- High contactability under low pressure
- Excellent green strength
- High peel and shear strength
- Long open time
- Covers as much as 3x the surface area as solvent-based contact cement

Product Code: G-2389

Building Supply & Construction

PUR ULTRA

Polyurethane Premium Construction Adhesive

- High strength multi-purpose construction adhesive
- Easy application
- Cured performance properties for interior and exterior installation
- General applications include wood, stone, masonry, brick, concrete & steel
- VOC compliant / non - flammable
- Sub floor / stair treads / paneling

Product Code: BU 58

LATEX ULTRA

Premium Multipurpose Construction Adhesive (Latex)

- High strength
- General applications include wood, styrofoam, metal & concrete
- Can also be used for subfloor assembly or installing foam insulating boards
- Excellent substitute for traditional solvent-based light or heavy construction adhesives where a non-flammable and non-toxic product is preferred
- VOC compliant / non - flammable / solvent free

Product Code: BL 55

LATEX ECONOMY

Multipurpose Construction Adhesive (Latex)

Product Code: BL 60

Building Supply & Construction

CONCRETE ADHESIVE/BONDER

Promotes Intercoat Adhesion between Old and New Concrete (& plaster/stucco applications)

- High solids formula
- For interior or exterior use
- For mortar mixture & masonry repairs
- VOC compliant

Product Code: BW 56

CEMENT ACRYLIC FORTIFIER

Designed to Replace Water in Cement, Grout and Mortar

- Professional contractor grade
- High quality / high solids formula
- Improves adhesion, durability, and salt and weather resistance
- Ideal for repairs, resurfacing, leveling, and as a mortar fortifier for setting all types of wall and floor tiles on difficult-to-bond surfaces
- Strengthens cement based mixes
- VOC compliant

Product Code: BA 58

Note: Industrial Manufacturer Grade Available

ACRYLIC WATER-BASED CONCRETE & PAVING STONE SEALER

For Interior & Exterior Use

- Offers a clear & durable film (high gloss)
- Enhances natural colors & extends life
- Repels & reduces stains / oil / efflorescence
- VOC compliant / non - flammable
- Coverage: 175 sq.ft. to 550 sq.ft. /gallon
- Assists with stabilization of joint sand

Product Code: SP700

Note: Cleaner Accessories Available

Wood Flooring

PUR FLOOR® MOISTURE CURE POLYURETHANE ADHESIVE

- Trowels easily
- Long open time
- Excellent ridge retention
- Suitable for exotic wood (bamboo) and radiant heat
- VOC compliant / No water
- Great green strength

Product Code: UL-2130

PUR FLOOR® PROTEKTOR MOISTURE CURE POLYURETHANE SEALER

- Reduces vapor moisture transmission from sub-floor
- Fills cracks up to 1/8"
- VOC compliant

Product Code: UL-2150

PUR FLOOR® ADHESIVE CLEANER

- Assists in the removal of wet and dry adhesive

Product Code: UL-2140

WATER-BASED ENGINEERED PLANK ADHESIVE

- Cures to a strong rubbery bond
- Solvent free
- Easy to spread
- Suitable for most underlayments (eg: cork)

Product Code: FH-88

TONGUE & GROOVE ADHESIVE FOR FLOATING & LAMINATE FLOORS

- Compounded self-crosslinkable pva with silicone
- Excellent adhesive property
- Exceptionally good water resistance

Product Code: FL-37
