

RIFOX

Steam traps
Condensate pumps
Automatic vent valves
Compressed air drainage
Check valves
Level control units

"Longlife"-Technology Vario

Media:

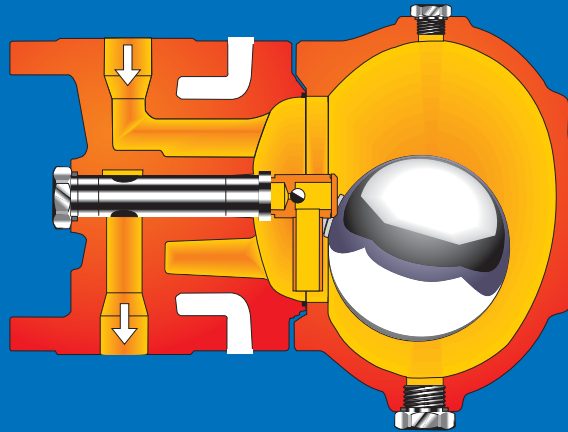

Water vapour,
compressed air,
aggressive media,
dump gases,
refrigerants.

Connection size:

Flange DIN/ANSI,
welding ends,
socket threads.

Material:

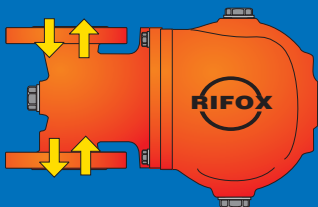

Cast steel GS-C25,
spheroidal graphite iron GGG 40.3,
stainless steel.

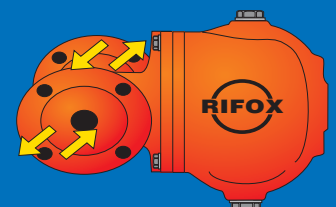

PN 6 to PN 100

DN 15 to DN 100

Capacity up to 10.000 kg/h

1 Steam trap
4 Flow directions !

Our technology - your advantage !

-  **Wear resistant construction**
-  **Durably and long-lived**
-  **Saves costs of maintenance and repair**
